The visitors were recognized at this time.

Chris Terwilliger would like to use the building on Tuesday afternoons or evenings for a family game time. He would like to start the first part of April. He will get back to us about a time. There will be no charge for this at this time but that could change in the future. There will be no electronics used during this game time period.

Robert Rabuttunio was concerned because he heard a rumor that the road on Arbor Glade from his driveway to the state line was going to be widened and improved. He was assured that the supervisors have never held a conversation about this.
